

We are excited to integrate our Online Banking site with our existing Mobile App on January 11, 2022. The Bank of Bird-in-Hand Digital Banking experience will now look the same, whether you access it on your phone, tablet, or desktop. New features include online chat, device and transaction management, card management tools, and password recovery. Existing online banking customers can continue to use the same login credentials.

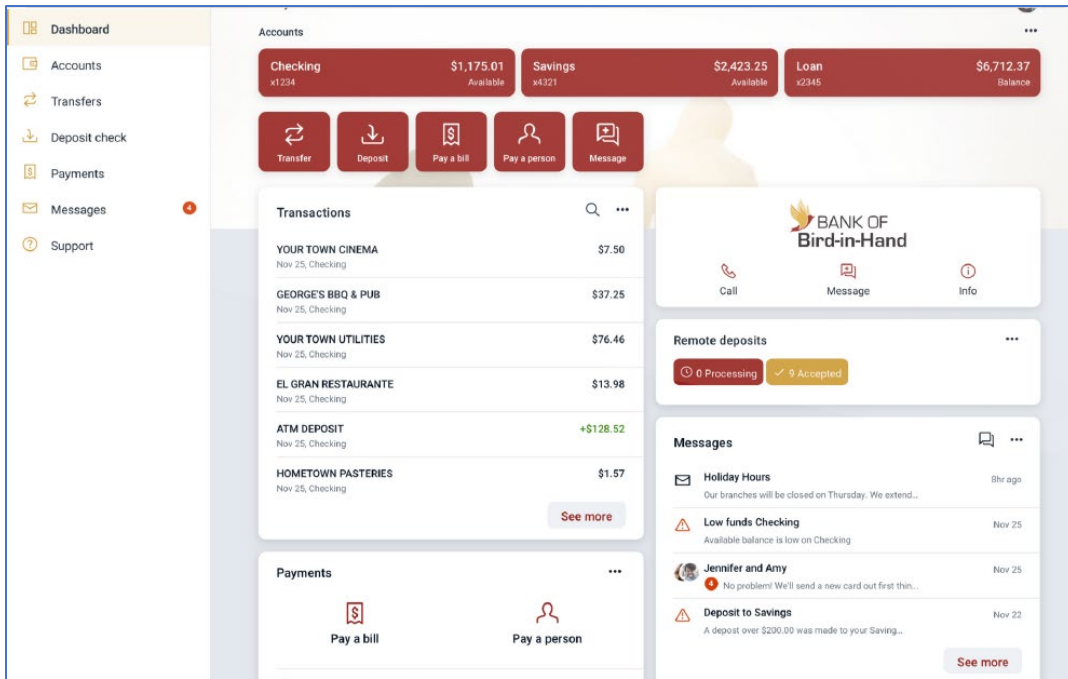

FOR BUSINESS CUSTOMERS:

If you currently use our site to initiate ACH or use Positive Pay, you will use the 'Business Banking' option to navigate to those specific functions. Once you click on that option, a tab will open with the same access to those functions that you are used to seeing.

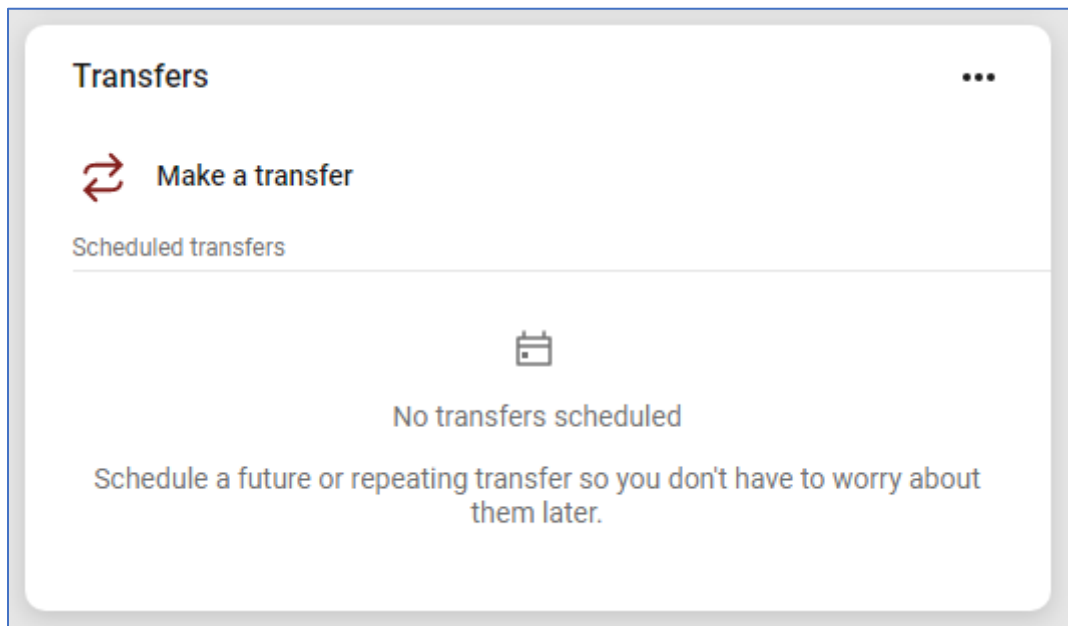

Here's a preview of what to expect when you log in for the first time:
